## Brief Report:

### World Space Week (WSW-2026) Celebrations at RRSC-Central, Nagpur: 4th to 10th October 2026

**World Space Week 2026 (WSW-2026)** was successfully organized at the **Regional Remote Sensing Centre-Central (RRSC-Central), NRSC, ISRO, Nagpur**, from **4th to 10th October 2026**. Celebrated globally to highlight the contributions of space science to humanity, the official international theme for this year was "Rocket Revolution", emphasizing commercial shifts, reusable engineering, and affordable orbital access.

In alignment with this theme, RRSC-Central hosted a series of educational institutional visits to inspire youth toward STEM careers and spread awareness about ISRO's milestone achievements. The event witnessed enthusiastic participation from **five schools and colleges**, bringing a total of **300 students** to the campus.

---

#### Event Framework & Session Details

Each institutional visit was structured to last approximately **1 hour and 45 minutes to 2 hours**, broken down into three key segments:

1. **Technical Lecture & Presentation:** Delivered by ISRO scientists, covering Space Technology Applications, ISRO achievements (such as the Chandrayaan and Mangalyaan missions), Launch Vehicles, Communication, Navigation, Earth Observations, and Natural Resource Management.
  2. **Guided Exhibition & Museum Tour:** A comprehensive walkthrough of the RRSC-Central Space Museum, showcasing scale models of satellites, rockets, and interactive exhibits.
  3. **Quiz Competitions:** Quick-fire quiz and Q&A sessions held immediately post-lecture to test students' grasp of the material. Winners were rewarded with prizes and tokens of appreciation on the spot.
- 

The World Space Week was comprised of events related to presentations and exhibitions on space technology, space exploration, rockets and spacecraft. It enthused **curiosity, innovation, scientific thinking and the desire to explore the unknown among the students**. This programme gave students an opportunity to learn more about space science and technology interact with experts and explore the exhibits at the Space Museum.
