

## **MoU signed between NRSC and CVR College of Engineering, Hyderabad**

National Remote Sensing Centre (NRSC) and CVR College of Engineering, Hyderabad signed a Memorandum of Understanding (MoU) to enhance collaboration in the use of advanced technologies for geospatial applications. The two-year agreement, formalized on Monday, 16<sup>th</sup> June 2025 aims to implement a project on “Design and Development of Deep Learning Architecture for Extraction of Buildings and Change Detection from High-Resolution Satellite Images using GANs.”

The MoU was signed by Shri. G. Srinivasa Rao, Deputy Director, RSAA, NRSC, ISRO, and Dr. K Ramamohan Reddy, Principal CVR College of Engineering. The representatives from both the institutes participated in the MoU signing function at CVR College of Engineering, Hyderabad.
