BOOK OF FINANCIAL POWERS

सत्यमेव जयते

GOVERNMENT OF INDIA

DEPARTMENT OF SPACE

FIFTH EDITION

2016

[Incorporating all the amendments issued upto 31st May, 2018]

PREFACE

The 'Book of Financial Powers' of the Department of Space (DOS) is a compendium of general provisions and financial provisions to be followed by DOS/ISRO Centres/Units/Projects while dealing with the matters of financial nature.

2. The 'Book of Financial Powers' was first issued in the year 1975. Second, third and fourth editions of the 'Book of Financial Powers' were issued in 1982, 1989 & 2003 respectively. Over the last thirteen years, many of the provisions in the 'Book of Financial Powers' have been amended by issue of various orders by DOS from time to time. In addition, many of the existing rules in the Book of Financial Powers had also become redundant. The Government of India had also amended the General Financial Rules (GFRs), 1963 and brought out revised version as 'General Financial Rules (GFRs), 2005'. These developments necessitated the Department to constitute a Committee to review the existing 'Book of Financial Powers, 2003'.

3. The Committee under the able leadership of Director (Budget), DOS and its active Members had comprehensively reviewed the existing 'Book of Financial Powers, 2003' and submitted a Report to the Department, which has been duly approved by the Member for Finance, Space Commission. Considering the fact that the provisions contained in the proposed revised DOS Book of Financial Powers are as per the extant instructions of the Ministry of Finance on delegation of financial powers and provisions contained in GFRs, 2005. The Space Commission in its 134th meeting held on 21st December, 2015 had noted the contents brought out in the status report submitted by the Department.

4. Accordingly, the 5th Edition of the 'Book of Financial Powers, 2016' of DOS has been edited. These rules are being printed in diglot format for easy reference.

5. It is expected that DOS 'Book of Financial Powers, 2016' will provide clarity about the provisions/rules and also greater flexibility to Officers in transacting Government Business while equally ensuring accountability commensurate with the responsibility at different levels of Government.

6. Finally, I would like to place on record the excellent work done by the Committee constituted for review of DOS 'Book of Financial Powers, 2003' and Director, CEPO, Associate Director, BEA and Director, PP&PM who gave valuable inputs and in particular Shri. K.Hariharan, Under Secretary (Budget), DOS and Shri. M.Mohammudh Ali, Assistant of Budget Division for carrying out exacting exercise.

Internal Finance Functions	54 - 56
----------------------------	---------

INTRODUCTION

While under the Allocation of Business Rules, 1961, the powers to issue financial sanctions relating to Ministries of the Government of India, beyond their delegated powers are generally vested in the Department of Expenditure (Ministry of Finance), the Department of Space (DOS) is empowered under the same rules to issue its own financial sanctions. Such sanctions are issued with the concurrence of the Member for Finance, Space Commission, who is ex-officio Secretary for Finance in the Department of Space. In other words, the Department of Space, like the Department of Atomic Energy (DAE), is provided with an in-built machinery for expenditure control. Recognizing this position in relation to DAE, the Department of Expenditure, Ministry of Finance, which has issued rules relating to the Delegation of Financial Powers Rules (DFPRs) under the authority vested in it by the Allocation of Business Rules has specifically excluded DAE from the application of DOFPRs. The position of DOS, which has inherited the powers of DAE, being identical, DOFPRs as such are inapplicable to it.

2. However, in 1961, Government approved of an arrangement whereby, without reference to the Member for Finance, DAE could exercise powers equal to those delegated to certain other Ministries under DOFP Rules 1958, as enhanced by special orders issued in September 1961 and without prejudice to DAE's right to exercise any additional powers already vested in it under other orders. These additional powers inter-alia included:

- (a) the authority to execute civil works, purchase, stores and stationery and make arrangements for its own printing and binding without the employment of outside agencies, e.g., CPWD, DGS&D, etc.,
- (b) flowing from the above right, the authority to exercise powers equal to those delegated to the Ministry of Works and Housing in regard to the conclusion of contracts for the purchase of stores, equipment, etc.,
- (c) powers delegated to DAE from time to time with the concurrence of the Member for Finance.

3. The Department of Space, when it spun off from DAE in 1972, inherited these powers.

4. The "Book of Financial Powers" of the Department of Space is an attempt to codify the powers and practices it has inherited from DAE and those which have developed since it was set up as a separate entity, taking the opportunity to introduce a few further changes which in the light of experience have been found to be necessary or desirable, in some areas. The title reflects the special position of DOS, which, with its in-built machinery for expenditure control, may exercise full financial powers, which most other Ministries may do only with the concurrence of the Department of Expenditure. In such an arrangement, the delegation of powers to the Department of Space by an external authority does not arise. All that would be necessary is to promulgate rules specifying the levels up to which DOS may exercise powers without reference to Member for Finance, Space Commission (MF, SC) and those beyond which MF, SC's concurrence would be necessary. This is broadly the philosophy underlying the "Book of Financial Powers". In determining the levels referred to above, the scope of the delegations made by the Department of Expenditure to other Ministries in 1962, 1968, 1978, 2002 and 2014 and thereafter have also been taken into account to the extent they suit the requirements of the Department of Space.

5. The principles to be followed and procedural requirements to be fulfilled by DOS in the exercise of its powers are outlined below:-

Pre-Budget and Post-Budget Sanctions

6.1 The time scheduled for formulation of Budget proposals should be closely adhered in order to allow sufficient time for examination by MF, SC and for any subsequent discussions with the Department of Expenditure from the ways and means angle. Every effort should also be made by the Department to refer proposals to MF, SC in such detail as determined jointly by Secretary, DOS and MF, SC, for examination before inclusion in the Budget well ahead of the submission of the Budget.

6.2 Where this is not practicable, lumpsum provisions may be made in the Budget. Such provisions should as far as possible be based on a realistic assessment of the expenditure likely to be incurred during the year. They should not ordinarily be merely token provisions. In cases in which lumpsum provisions are made, the amounts will not be available to the Department for the issue of expenditure sanctions until the schemes have been accepted by the MF, SC.

Arrangements for Internal Finance

7.1 Arrangements should be made by Secretary, DOS for competent internal financial control. Heads of large Constituent Units and heads of large Projects of the Department should also, where necessary, be assisted in the exercise of their financial powers by competent Internal Financial Advisers. The creation of the posts of such Internal Financial Advisers shall be at the discretion of Secretary, DOS.

7.2 Internal finance functions are described in the Appendix to this Book.

Work-Study Units

8. For control over the growth of establishments, it is essential that the Department of Space should set up competent work-study units. The power to create posts laid down in this Book shall be exercised by the competent authorities on the basis of the recommendations of adhoc or standing Committees set up by the Department of Space or by heads of Constituent Units. These Committees will be assisted by work-study units appointed with the approval of the Department of Space. The category of posts, if any, that may be exempted from this requirement will be notified by the Secretary, DOS from time to time. The manner in which work-studies should be conducted in relation to various categories of posts will be regulated by orders issued from time to time by the Department of Space.

Creation of Posts

9. Secretary, DOS, may issue orders from time to time indicating the categories of posts for the creation of which his personal orders should be obtained.

Re-delegation of powers

10. It is Government's policy that Administrative Ministries should delegate to the maximum extent administrative and financial powers to their subordinate authorities with due regard to their respective levels of responsibilities. The Department of Space may, therefore, redelegate its powers to its Constituent Units even in full where justified, provided that in no case the powers so delegated exceed its own powers. The Department should constantly review the adequacy of financial powers delegated to Constituent Units.

Miscellaneous expenditure

11. In exercising the power to sanction unusual Contingent and Miscellaneous expenditure, due care should be taken to restrict the growth of expenditure on new lines or on new types of expenditure.

Reports and Returns

12. To enable the MF, SC to exercise a broad control over expenditure sanctioned and incurred under this scheme, the Department of Space should furnish to MF, SC such reports and returns in such detail and periodicity as MF, SC, in consultation with Secretary, DOS, may prescribe.

11. WRITE-OFF OF OVER PAYMENTS AND LOSSES

11.1 *Principles relating to exercise of powers of write-off*

- 11.1.1 (i) The powers in relation to write-off of losses may be exercised provided that the loss does not disclose a defect in rules or procedure or where there has not been any serious negligence on the part of any Government servant. In cases which disclose defect of rules or of procedure, action should in the first instance be taken, with the approval of the competent authority, to rectify the rules or procedures and to report such action to the Department of Space, if the competent authority is lower than the Department. Thereafter, the loss may be written off by the competent authorities specified in Schedule VI.
- (ii) In cases in which there has been serious negligence, disciplinary action should in the first instance be taken against the individuals at fault and the nature of the action taken reported to the Department of Space. Thereafter, the loss may be written off by the competent authorities as specified in Schedule VI.
- (iii) Report on losses mentioned in (i) & (ii) above should be sent to the Department by the beginning of the financial year for the preceding year.

Note:

- (a) The losses dealt with in this paragraph are either physical or represent losses through depreciation where valued accounts are maintained.
- (b) In respect of surplus, obsolete or unserviceable stores declared as such by the competent authority, subject to Rule 12 below and principles contained in GFRs 33-38, no formal write-off is required.

11.1.2 *Remission of disallowances by Audit and writing off overpayments made to Government servants*

Subject to the restrictions mentioned in sub-rule 11.1.3 below and principles laid down in Rule 17 of Delegation of Financial Powers Rules 1978, as amended from time to time, the Department of Space and any other subordinate authority to whom powers may be delegated by or under special orders of the President, may waive the recovery of an amount disallowed by an Audit Officer or the Accounts Officer or otherwise found to have been over paid to a Government servant subject to the following conditions :-

- (a) The amount disallowed has been drawn by the Government servant concerned under the reasonable belief that he was entitled to it and in the opinion of the aforesaid authority, recovery will cause undue hardship or distress.
- (b) If, in the opinion of the authority, recovery is clearly impossible.

11.1.3 The aforesaid authorities shall not have the powers to waive recovery :-

- (a) of emoluments of the nature of pay as defined in F.R.9(21) where the overdrawal has been occasioned by delay in notifying promotion or reversion or where such overdrawal has been disallowed by the Audit Officer or Accounts Officer after one year of the date of payment;
- (b) where the recovery relates to a Gazetted Government servant;
- (c) where the amount involved does not exceed two months' pay of the Government servant concerned.

11.1.4 The powers of Accounts Officers to waive objections to or to forgo recovery of irregular expenditure in individual cases shall be such as may be laid down separately under general or special orders of the Department of Space issued from time to time.

11.1.5 In cases where an amount due from a person has to be written off on the ground that he/she is no longer in Government service and no recovery is, therefore possible, the orders sanctioning write-off should invariably contain a clause that any sums subsequently found due to the person concerned will be adjusted against the amounts written-off.

If such a person is re-employed, the amount of overpayment if written off merely because the person was not in Government service at the time of write-off and not on any other ground, as for example that its recovery would cause hardship to the individual concerned, the dues which may accrue to him/her during the period of his/her re-employment under Government may be adjusted against the amount written off. To facilitate such recovery, it should be ensured that in the terms of re-employment of a retired Government servant, a condition is inserted to the effect that any amount of overpayment pertaining to the pre-retirement period, including any amount written off on the ground that he/she was no longer in Government service, would be recoverable by adjustment of the pay and allowances admissible to him/her during the period of re-employment. The office employing a retired Government servant should immediately after the re-employment of the person make an enquiry from the Office where he/she was formerly employed whether any amount is recoverable in terms of this sub-para. The final payment to the re-employed person on the termination of his/her re-employment should not be made unless the re-employing Office has ensured that no amounts are adjustable in terms of this sub-para.

11.1.6 To minimise possible overpayment, it should be ensured, once a particular payment which is of a recurring nature is considered inadmissible by audit that such objection is provisionally accepted by the administrative authority and further payments on that account should not be made till a final decision is obtained from the competent authority. However, in exceptional cases, where the administrative authority considers that in the public interest, the continuance of such payments, pending a final decision by the competent authority, is absolutely necessary, payments should be made provisionally and subject to recovery, the payee receiving the payments being so informed specifically. The fact that payments are being continued in spite of the audit objections should also be reported to the authority to whom the case is referred for a final decision.

11.2 Powers of write-off losses

Subject to observance of the above principles, the Department of Space and Heads of Departments shall exercise powers of write-off of losses as specified in Schedule-VI.

Note:- Financial limits to Department as well as Head of the Department should be as stipulated in DFPRs. Wherever the existing Financial Powers are more than DFPRs, the same can be continued.

12. DECLARATION OF STORES AND VEHICLES AS SURPLUS, OBSOLETE OR UNSERVICEABLE

The Department of Space is competent to declare Stores and Vehicles as surplus, obsolete or unserviceable regardless of value subject to the principles laid down in Rule 217–223 of GFR 2017. If the circumstances in which the Stores have become surplus, obsolete or unserviceable disclose a serious error of judgement in the procurement of Stores, it will be necessary to fix the responsibility for the loss and to devise remedial measures to prevent the recurrence of such cases.

The Department of Space may specify the powers of Heads of Departments, to declare Stores and Vehicles as surplus, obsolete or unserviceable, laying down whatever conditions or restrictions it may deem appropriate.

- (iii) If the materials and equipments are costly, extremely delicate, highly sensitive, sophisticated equipment or fragile nature purchased from abroad which are not easily replaceable and for which insurance is considered absolutely necessary.

SCHEDULE – III**POWERS RELATING TO INCURRING CONTINGENT EXPENDITURE***(See Rule – 6.2)*

NOTE: Subject to the provisions contained under Rule 6.2 and observance of principles & procedures set forth in the Annexure to this Schedule and availability of funds, the Department of Space and Heads of Departments shall, in the matter of incurring Contingent expenditure, have the powers specified in the corresponding entry in column 2 & 3 of the Table below :-

TABLE

Authority	Extent of power	
	Recurring	Non-recurring
(1)	(2)	(3)
(i) Department of Space	Full Powers	Full Powers
(ii) Head of Department	Full Powers unless otherwise indicated in the Annexure.	Full Powers unless otherwise indicated in the Annexure
(iii) Head of Office	₹3,000/- per month in each case or specified in any other orders	₹20,000/- in each case

Explanation:

- (1) The powers delegated to the Department of Space are to be exercised by issue of formal sanctions in the name of the President, such sanctions being authenticated by the Officers authorized to do so under Article 77 of the Constitution.

The Under Secretary in the Department of Space Secretariat or equivalent Officer in Constituent units declared as Head of Office may sanction Contingent expenditure upto the extent indicated in the Table above without issuing formal sanctions in the name of the President.

- (2) 'Per annum in each case' in respect of recurring Contingent expenditure means on 'each type of expenditure' e.g., if an authority is empowered to incur expenditure on repairs upto ₹3,000/- per month each case, it would be competent for it to incur expenditure on repairs on any number of occasions during the month, but subject to a limit of ₹3,000/- for that month.

'Each case' in respect of non-recurring Contingent expenditure means 'on each occasion'. If on a particular occasion, a number of articles of furniture are to be purchased, the powers of the sanctioning authority should be reckoned with reference to the total value of articles of furniture to be purchased on that occasion, and not with reference to individual articles like tables, chairs, racks, etc., constituting the furniture. Thus an authority empowered to incur expenditure on the purchase of furniture to the extent of ₹20,000/- in each case, would be competent to purchase various articles of furniture not exceeding ₹20,000/- in value on each occasion.

An illustrative but not exhaustive list of items of expenditure debitable to Contingencies is given below :

Purchase of Bicycles; Conveyance hire; Electricity; Gas; Water charges; Purchase and repair of fixtures & furniture; Freight, Demurrage and Wharfage charges; Hire of Office Furniture and Appliances; Legal charges; Maintenance of Office & Functional Vehicles; Municipal rates and taxes; Petty works and repairs; Postal charges; Printing and Binding; Publications; Rent of Office accommodation as well as that of accommodation used partly as Office and partly as residence; Repairs and removal of machinery (where the expenditure is not of a Capital nature); Staff paid from contingencies; Purchase of stationery stores; Stores; Telephone charges; Tents and Camp Furniture; Typewriters, Calculating Machines; Uniforms, etc.

If on a particular occasion a number of items of stores are to be written off, the powers of the sanctioning authority should be reckoned with reference to the total value of stores intended to be written off on that occasion and not with reference to individual articles constituting the lot. In this context, losses arising out of one incident should not be split up and written off separately on different dates in order to avoid sanction of the higher authority. Losses due to one specific cause like fire, theft, flood, etc., should be written off at one time only. There is, however, no objection to losses arising out of more than one cause being written off at one time.
