परिपत्र / CIRCULAR

विषय/ Sub: **Collecting the database of retired/resigned S&T personnel of DOS/ISRO Centres/Units for offering their services to the Non-Governmental Entities - Reg.**

The Government on 24th June, 2020 approved far reaching reforms in the Space Sector aimed at boosting private sector participation in the entire range of space activities.

2. As a result, Government of India constituted Indian National Space Promotion and Authorization Centre (IN-SPACe) as an autonomous agency in Department of Space (DOS) for enabling space activities, as well as, usage of Department of Space owned facilities by non-government entities. IN-SPACe, as a single window nodal agency, with its own cadre will promote, permit and oversee various space related activities of Non-Governmental Entities.

3. The space industry in India is in a nascent stage. Therefore, there is a need to have comprehensive directory of knowledge and skilled workers in the space sector which would prove beneficial to the nation's private players, helping them in their space activities.

4. Therefore, Indian National Space Promotion and Authorization Centre (IN-SPACe) seeks the information of retired/resigned S&T personnel of DOS/ISRO Centres/Units in the prescribed format along with their willingness to be approached by the Non-Governmental Entities, which is proposed to be made available to all Non-Governmental Entities through IN-SPACe website.

5. Hence, all the interested Retired/Resigned S&T employees are advised to send the details in the prescribed format attached herewith to their respective centre for further processing.
